- Outline provides more details...
- Any Questions???

# COURSEWEB

- All course related materials are published on CourseWeb.
  - <http://courseweb.sliit.lk>
  - Enrolment key: IT2140

# IMPORTANT

- There are self-learning activities that you can do after each lecture.
- These will help you to test your knowledge as well as to prepare for examinations.
- Students should strictly attend the lab class they are allocated to.
- Students must complete their lab exercises during the scheduled lab session and upload them to the Git repository as per the instructor's guidelines.
